

QCTO

Quality Council for Trades & Occupations

IMPLEMENTATION OF OCCUPATIONAL QUALIFICATIONS BY ACCREDITED SKILLS DEVELOPMENT PROVIDERS (SDPs)

Quick Guide

FOCUS OF SDP

The QCTO would like all SDPs to display characteristics such as:

QUALITY AND EXCELLENCE

INNOVATION AND IMPROVEMENT

CUSTOMER FOCUS (LEARNERS)

QUALITY HUMAN RESOURCE MANAGEMENT AS PER REQUIREMENTS IN CURRICULUM

LEADERSHIP

TRAINING RELEVANT TO THE WORLD OF WORK

BEING RESULTS ORIENTED

EFFECTIVE PARTNERSHIPS WITH INDUSTRY

PLANNING FOR IMPLEMENTATION

SDPs must have the following in place:

- Effective management, human resources, systems, processes and required physical resources
- Innovative approach in facilitating occupational standards – bringing the world of work to the classroom
- Measures to ensure equal opportunity in the selection, admission, support and internal assessments of learners
- Implementation Plan for the Occupational Qualification
- SDPs must submit learners' enrolments and achievements in the format and manner prescribed by QCTO within **21 days** of learner enrolments
- Issuing of **Statement of Results** (SOR) upon successful completion of all modules of all components
- Appropriate management of learner information and records

ACCREDITED SDPs WITH ENROLLED LEARNERS ARE MONITORED BY THE QCTO

ASSESSMENT

Use of **Formative & Internal Summative Assessments**:

- Formative assessment is used to facilitate learning while internal summative assessments are formally recorded results per module for the **SoR**
- Internal formative assessments are set according to the Assessment Criteria - these standards are used to guide learning and assess learner achievement and / or evaluate competence
- Internal Summative assessment is conducted at the end of a module or integration of modules to evaluate learning taking place

DELIVERY OF OCCUPATIONAL QUALIFICATION

The focus point of delivery should be the imparting of occupational standards for that particular qualification:

- IDEALLY THE THREE COMPONENTS (**K/P/WP**) SHOULD BE OFFERED IN AN INTEGRATED MANNER IN THE FORM OF WORK PROJECTS
- **FACILITATION AND ASSESSMENT MUST BE LINKED TO INDUSTRY WORKPLACE APPLICATION**
- **ENSURE ASSESSMENT OF ALL OUTCOMES/ ASSESSMENT CRITERIA**
- **EVALUATE EVIDENCE, PROVIDE FEEDBACK AND RECORD**

INTERNAL ASSESSMENT

Any format may be used for Internal Summative Assessments by the **SDP**:

- Workplace tasks (e.g. case studies)
- Briefs
- Practical Demonstrations
- Assignments/Tests
- Projects, etc.

Internal QA processes must be in place by the **SDP** to ensure these assessments are fit for purpose

EXTERNAL ASSESSMENT

- External assessments are managed and conducted by Quality Partners – a national standard is set.
- Only learners that have enrolled and registered with the **QCTO** may sit for the EISA
- Submission of **SoR** to **QCTO** prior to **EISA**
- This is a competency based final assessment
- Approval of Results and Certification by the **QCTO**

FINAL ASSESSMENTS

EISA

The **External Integrated Summative Assessment (EISA)** is the final assessment managed and conducted by the Quality Partner/Assessment Quality Partner; it is used to assess all learners nationally. In the **EISA** the learner proves his/her competence against the Exit Level Outcomes of the Qualification. Learners qualify for entry into **EISA** via a **Statement of Results (SoR)** issued by the **SDP** or the institution used in the **RPL** route.

The **EISA** is conducted for a particular qualification or part qualification at accredited assessment or trade test centres.

EISA Benefits Industry/Employers – by ensuring that learners will be competent workers as they would have had to demonstrate competencies in in work related tasks or scenarios during the **EISA**.

FISA

A decentralised **Final Supervised Assessment** takes place for historically registered qualifications (in addition to the current PoE practice), as well as for **QCTO** Skills Programmes

*Approval of learner achievement is granted once all requirements set by the **QCTO** are met by the **Quality Partner**. Should these not be met, the **QCTO** reserves the right not to approve the outcomes of learner achievement (or part of it)*
